BUCHU is a stimulant, and of steelf may fail to effect a cure, but Buchu, when scientifically combined with Bromide of Potassium and other ingredients, produces a sedative effect, and couses a healthy action, thus increasing the powers of digestion, alleying irritation, reducing all unnatural swellings, stopping pain and inflammetion, and causing the repaire and nutriments in the human hody to be greater than the westes, thus preventing decomposition and decay. end gives nourishment, health and vigor to My Buchu is good for all diseases aris

I know just what I say. My record as a compounder of Medicine is second to no man in the Southwest. Twenty-five or thirty years ago, as my fellow-citizens know full well, found me behind the prescription counter in the city of which I now dwell; I have cured more people of various diseases than all the physicians in Louisville put together. Undoubtedly, for every single patient that any Louisville physician has I have hundred. I am no upstart of yesterday. My medicines are a success-a great success. Louisville is not large enough for me to have a competitor. I monopolize the Wholesale Patent Medicine trade here. One and another has tried, by copying after me here in Louisville, to compete

with me, but, one after another, their guns

have been silenced, and their efforts have been abortive. My medicines are good and answer the purpose-that is the secret of my success. My reputation es a compounder of good, reliable articles is fully established. I believe my Buchu and Bromlde of Potassium is the best article now in the market for the cure of all disesses of the irinary or genito-prinary organs, such as Nocturnel Incontinence, Irritability of Agent, the Bladder and Urethra, Inflammetion of the Pelvis of the Kidney, and all that Buy a dollar bettle end be cured. FOR THE CURE OF

AGUE AND FEVER

CHILLS AND FEVE The proprietor of this calebrated medl cine justly claims for it a superiorlty all remedies ever offered to the public for the safe, certain, speedy, and permanen cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doves for week or two after the disease has : cheeked, more especially in difficul long standing cases. Usuelly, this medicine will not require any aid to keep the howels in good order; should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL S VEG-
